

integral 2GO SYSTEM

HAGLEITNER has pursued a philosophy for 15 years: producing concentrated detergents to the highest quality standards, minimizing the costly water transport and therefore preserving the environment. Our expertise and the continuous development of groundbreaking formulas together with the dosing technology creates the intelligent cleaning system integral 2GO. Exact dosing of detergent, simply mixed with the necessary amount of water. Ready 2GO.

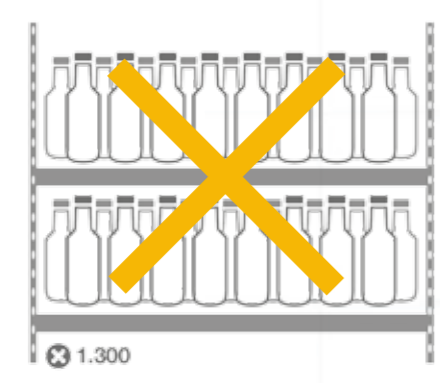

safe

A closed system protects the employees from the contact with the detergent. Protection of drinking water in accordance with the EN 1717.

3/4 inch
max. 8 bar @ 20° C
max. 5 bar @ 40° C
min. 5° C max. 40° C
max. 3 m

max. 1 m

MUST HAVE

efficient

One 2.6 l multiFILL cartridge of concentrated detergent provides up to 1,300 l ready-to-use solution.

precise

Cost control and consistent quality of the ready-to-use solution based on the ingenious magnetic dosing pump "PUMP integral 2GO" developed by HAGLEITNER. Compared with conventional dosing units, it ensures an exact dosing independent of water pressure, viscosity and temperature.

individual

Bottles, buckets or automatic cleaning machines, all can be precisely filled up.

hygienic

The outlet nozzle and the hose "PIPE integral 2GO" can be removed from the device, cleaned and disinfected.

convenient

Easy operation thanks to the intuitive touch-screen and straightforward display.

easy

By pushing up the outlet nozzle (B) with the refillBOTTLE, the start/stopp function (A) gets activated and the dosing starts. By inserting the PIPE integral 2GO (C) into the outlet nozzle and by pressing the GO button, large quantities are processed.

- 1 Cartridge locking (open/closed)
- 2 Menu button
- 3 Small or large quantity delivery
- 4 Concentration factor
- 5 Preset quantity
- 6 Fill level multiFILL cartridge
- 7 Buttons to setup the quantity/menu navigation
- 8 "GO" start of dosing for large quantities

The integral 2GO system

Unique design combined with the latest state-of-the-art technology meet all your needs

Intuitive and convenient operation

- Thanks to the intuitive touch-Display, it is ideal for users who want a quick and simple use, even with gloves.

Easy mounting and service

- An innovative mounting sticker determines the mounting site and the necessary connections.
- Individual and row on-the-wall installation, up to 6 units with the mounting kit integral 2START and the corresponding powerPACK option.
- Always ready for use, service intervals are signaled, no need for qualified personnel to implement them.
- Never empty thanks to the fill level indicator on the display.

Precise and powerful concentrated detergents

- 6 high-efficient concentrated products cover the full range of janitorial hygiene and disinfection.
- Storage and transport volumes will be substantially reduced thanks to the space-saving multiFILL cartridge.
- Perfect cleaning result, as the concentration factor can be set up according to the individual needs.
- No product waste, due to precisely adjustable quantities:
 - Small quantity: from 0.4 l – 1.5 l in 0.1 l steps
 - Large quantity: from 1.0 l – 50 l in 0.5 l steps

Safe use

- User safety confirmed by the CE-marking of the integral 2GO dosing device.
- Optimal cleaning process with integral 2GO for consistent hygiene standards.
- The certificates confirm that cleaning textiles can be stored germ-free in the i.h.s system up to 48h with floorstar 2GO and hygienicDES 2GO.
- Intuitive pictograms, labels and product colours prevent misuse and incorrect applications.
- Product detection via RFID technology, therefore no confusion by changing the cartridge.

Intelligent setting options for authorized personnel

- An arbitrary dosage is excluded as the concentration factor can be modified only after entering the access code.

Resource-saving

- 80% less water transport compared to canisters.
- The highest environmental standards - allround 2GO and active 2GO have been awarded with the EU-environmental labelling and the Austrian ecolabel.

Innovative Hygiene.

integral 2GO

The most precise dosing device in its class!

sanitary 2GO

2x2,6l Art. No. 4410200619

Lime solving sanitary cleaner

- Powerful acid cleaner with pearl and brilliant deep shine for wet-room areas like toilets, washbasins, tiles
- Suitable for fittings
- Flowery-fruity scent
- Automatically and manually applicable
- Ideally suited for the impregnation of the wiping cloths (i.h.s. System)

2,6l correspond up to 866l ready-to-use solution

allround 2GO

2x2,6l Art. No. 4410200919

All-purpose cleaner

- Fat and dirt dissolving glass and multi-purpose cleaner with anti-fingerprint formula
- For all shiny, smooth surfaces like mirror, glass, inventory
- Blossomily-fresh scent
- Manually applicable
- Awarded with the EU-environmental labelling and the Austrian ecolabel

2,6l correspond up to 1.300l ready-to-use solution

hygienicDES 2GO

2x2,6l Art. No. 4410300419

Neutral surface disinfectant

- Universally applicable in the industrial food processing, in the area of hotel & catering, health & care
- Broad spectrum of antibacterial action
- Assessed and listed according to ÖGHMP/VAH
- Odourless, non-irritant, suitable also for sensitive surfaces
- Manually applicable
- Ideally suited for the impregnation of the wiping cloths (i.h.s. System)

2,6l correspond up to 520l ready-to-use solution

active 2GO

2x2,6l Art. No. 4410200719

Fat-dissolving kitchen cleaner

- Alkaline cleaner for the whole kitchen area like work surfaces, floors
- Fresh citrus scent
- Automatically and manually applicable
- Awarded with the EU-environmental labelling and the Austrian ecolabel

2,6l correspond up to 866l ready-to-use solution

floorstar 2GO

2x2,6l Art. No. 4410200819

Universal floor cleaner

- Quick-drying and high dirt-dissolving
- Fresh orange scent
- Automatically and manually applicable
- Ideally suited for the impregnation of wiping cloths (i.h.s. System)

2,6l correspond up to 1.300l ready-to-use solution
The area efficiency with the i.h.s. system of 108,333 m² corresponds to 14 football fields.

power 2GO

2x2,6l Art. No. 4410300519

Powerful stone and tile cleaner

- Alkaline and deep pore cleansing
- The specialist for safety tiles in kitchen, wellness and sanitary area
- Fruity orange scent
- Automatically and manually applicable
- Ideally suited for the impregnation of wiping cloths (i.h.s. System)

2,6l correspond up to 866l ready-to-use solution

integral 2GO

order information and accessories

integral 2GO
The most precise device in its class!
Dimensions (LxWxH): 19.2 x 19.8 x 38.3 cm
Art. No. 4410100650

Accessories:
integral 2START
Mounting kit consisting of a 3-metre hose (diameter of 12mm), a 3/4 inch water connection, 5 fixing clips, one aqastop, as well as an orange mounting plate for a perfect wall mounting for more dispensers connected in series.
Art. No. 4410100800

powerPACK ex
powerPACK in
Power supply connector in flush mounted and on-wall versions with a cable length of 1 m for the power supply of the integral 2GO dosing device. For installation in series, one integral 2GO dispenser can always be actuated.
Art. No. 4111202400
Art. No. 4111203100

powerPACK extension V12 1,5 m
1,5m cable for the cable length extension from powerPACK in to powerPACK ex.
Art. No. 4111206500

powerPACK BOX
Power adapter for the power supply of integral 2GO devices installed in series which in practice can be operated in parallel. The connection from the power adapter to the dispenser must be carried out by an electrician.
Art. No. 4111204700

refillBOTTLE
14 ergonomic system bottles with a volume of 0.5l to fill and decant the ready-to-use solution. To avoid misuse, each bottle has a cap and a handy blue foam nozzle.
Art. No. 4450702900

LABEL sanitary 2GO
LABEL hygienicDES 2GO
LABEL active 2GO
LABEL allround 2GO
4 labels per type to be stuck on the 0.5l refillBOTTLE.
Art. No. 4410400900
Art. No. 4410400600
Art. No. 4410400800
Art. No. 4410400700

bottleCLIP
bottleCLIP for 3 HAGLEITNER 0,5l refillBOTTLES.
Dimensions (LxWxH): 34.8 x 8.5 x 11 cm
Art. No. 4450701050

Spare parts:
SHORTCUT integral 2GO
For the professional shortening of PIPE integral 2GO (max. 40 cm)
Art. No. 4920501000

PIPE integral 2GO
Chemically resistant silicone tube with connection for the outlet nozzle and connection pieces for the bucket delivery.
Art. No. 4920500800

PUMP integral 2GO
Magnetic drive pump which must be replaced after 25 multiFILL cartridges or latest after 2 years of operation at the latest.
Art. No. 4920500900
